FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First! The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson Route," which road has been rightly termed the "Kentuckian's Official Route to the West and Southwest."

It has just been announced from the general office of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation to the car builder's art.

The cars are strictly up-to-date, first-class "places of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibled and are furnished with six-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and you can only suggest that in traveling you "get the Henderson Route" habit.

THE POST OFFICE BILL.

Measure Reported to the Senate by the Committee.

Rural Mail Carriers Permitted to Carry Merchandise and Newspapers So Long as It Does Not Interfere With Their Duties.

Washington, March 30.—After two days' consideration of the post office appropriation bill the senate committee reported it Tuesday night and it was taken up in the senate Wednesday. The bill reported does not include all the amendments made by the senate committee on account of the late session in order to complete a measure. A "dummy" bill was reported while the clerks prepared the measure for the public printer. On account of its incomplete state the exact amount of the increase made can not be given, though it is said the bill will carry not more than \$1,000,000 over the bill as passed the house except for an emergency measure incorporated in the bill. The house bill provides for the rental of the Pennsylvania railroad site in New York city for post office purposes, but the senate committee decided that it would be better business policy to buy the site. Therefore, an appropriation of \$2,000,000 is made for that purpose.

Among the important amendments to the bill are the following: The salaries of rural free delivery carriers are fixed at \$720 a year and the carriers are permitted to carry merchandise for hire and receive subscriptions for and deliver newspapers and periodicals so long as this occupation does not interfere with the proper discharge of their duties. It is stipulated, however, that the carriers shall not discriminate against any newspaper, which desires to avail itself of this privilege of employing them. Senator Clay's amendment increasing the salary of the purchasing agent for the post office department to \$4,500 and requiring that all supplies must be bought by competitive bids, the contracts to be given to the lowest bidder and that a schedule of the bids must be sent to congress annually, was adopted.

The committee adopted an amendment for the retransfer of the free delivery in cities to the first assistant postmaster general's division, instead of leaving it with the fourth assistant. The senate committee provides for the purchase or rental of cancellation machines instead of purchase alone, as provided by the house bill.

Provision for the payment to the Oceanic Steamship Co. at a rate of \$1 per mile for the carrying of mail between San Francisco and Tahiti was restored to the bill. This provision has been in the post office appropriation bills for a number of years but was eliminated by the house at this session on the ground that it was in the nature of a subsidy. The senate committee has restricted the payments to \$45,000 annually.

WAS JUSTICE FOR SEVEN YEARS.

Now It Is Discovered He Is Not a Citizen of the United States.

Kenosha, Wis., March 30.—After presiding as a judge over a justice court for seven years, hearing cases brought for trial, solemnizing marriages and attending to all the duties of a justice, William Evans, of the town of Halem, in this county, discovered Tuesday morning that he was not a citizen of the United States and that all of his acts were void. The justice came to this country from England when he was 23 years old, but it was discovered Tuesday that he never took out his naturalization papers. In order to legalize his acts as a court official it will be necessary for the state legislature to pass a bill.

ARMY CHAPLAINS.
Bill, Proposed Providing For a Higher Rank For Them.

Washington, March 31.—President Roosevelt and Representative Hull, chairman of the military affairs committee of the house, Wednesday discussed a bill which provides a higher rank for the army chaplain in which the president is interested. It is held that insufficient provision is not made in the present law for rewarding army chaplains for meritorious services. During the Spanish-American war several chaplains were recommended for gallantry, but it was impossible to give them the reward. The war department favors legislation to increase the rank and pay of chaplains.

The Michigan Floods.

Detroit, Mich., March 30.—Five lives have been lost and probably upwards of \$5,000,000 worth of damage to property has been done by the flood which has devastated many parts of Michigan during the past five days. Tuesday night the indications were that the end is in sight, although conditions are still very bad at Grand Rapids and along the course of the Saginaw river.

Pittsburg, March 30.—Board of trustees of the Carnegie institute received a cablegram from Rt. Rev. John Morley, distinguished British author and statesman, accepting the invitation to make the principal address at the founders' day exercises.

Price of Coal Reduced.
Philadelphia, March 30.—The Philadelphia & Reading Coal & Coke Co. Tuesday issued a circular to all coal dealers in Philadelphia and along its lines reducing the price of domestic sizes of anthracite coal 50 cents.

IMMIGRATION LAW.

Bill Introduced in the Senate to Amend the Act of 1903.

Washington, March 31.—Senator Dillingham introduced a bill Wednesday to amend the immigration act of 1903. It permits aliens to pass in continuous transit from one point in foreign contiguous territory to another point in foreign contiguous territory, through the United States without payment of head tax. Aliens having once paid the head tax may pass through foreign contiguous territory in continuous transit and again enter the United States without payment of the tax. The privilege under the act of 1903 permitting an alien to send for a relative or friend is amended to restrict the privilege to relatives. It is provided that there shall be at least one inspector of immigration and one surgeon of the United States public health and marine hospital service assigned to each principal alien embarkation for the United States to inspect aliens intending to seek admission to the United States, such officers to be designated as members of the United States consular service at the ports to which they are assigned, but to be under the control of the commissioner general of immigration and the secretary of commerce and labor.

DESECRATING THE FLAG.

Secretary of Western Federation of Miners Arrested on That Charge.

Denver, Col., March 31.—William D. Haywood, secretary of the Western Federation of Miners, was arrested here Wednesday on a charge of desecrating the flag. He was released by Justice Hynes on a \$300 bond and the case set for April 2. The warrant on which the arrest was made was served before Sheriff Rutal arrived from Telluride with a warrant charging the same offense, the purpose being to foil the attempt to remove Haywood to Telluride, where he would be liable to be held a prisoner by the military indefinitely.

The charge of flag desecration made against President Moyer and Secretary Haywood is based on the issuance of a dodger by the Western Federation of Miners signed by two officers. The background is a picture of a United States flag and it is headed "Is Colorado in America?" On the stripes are short sentences commenting in sarcastic language on the policy of the governor and the militia.

A PARTY OF HAIRY AINUS.

They Are on Their Way to the St. Louis Exposition.

Victoria, B. C., March 31.—The Canadian Pacific steamer Empress of Japan arrived from Yokohama Wednesday. Among her passengers was a party of Hairy Ainus from the island of Hokkaido, in charge of Prof. Fred Starr, lecturer in the department of anthropology at the University of Chicago. He is to be in charge of that department at the St. Louis exposition. The men are small but well proportioned and have long beards and intelligent faces. The women are handsome and dress in gaudy costumes.

WARSHIPS AT ST. LOUIS.

Two Will Arrive There From Pensacola About April 23.

St. Louis, March 31.—A letter was received Wednesday by Mayor Wells from Commander John Hubbard, of the gunboat Nashville, now at Pensacola, Fla., saying that he had been authorized to announce to the authorities at St. Louis that the navy department had decided to send a torpedo boat destroyer to St. Louis under escort of the Nashville. The warships will reach St. Louis about April 23, but it is not known how long they are to remain here.

PUBLIC LANDS.

House Committee Orders a Favorable Report on Two Bills.

Washington, March 31.—The house committee on public lands Wednesday authorized a favorable report on a bill permitting the use of lands in forest reserves available for agricultural purposes. Favorable action also was taken on a bill providing that no entry shall be made on lands released and excluded from a forest reservation until 60 days after such exclusion proclamation by the secretary of the interior.

Alleged Embezzler Surrenders.

San Francisco, March 31.—Geo. Burton surrendered himself to the police Wednesday saying that he was wanted in Lucas county, Ohio, on a charge of embezzlement of \$1,100 of the county's funds. He was formerly county clerk and says he left Toledo on October 27, coming direct to San Francisco.

Passes For Live Stock Shippers.

Chicago, March 31.—The traffic officials of the western railroads have decided to renew the request of the Live Stock association for the resumption of passes to live stock shippers.

King Christian's Birthday.

Copenhagen, March 31.—King Edward and Queen Alexandra arrived here Wednesday to attend a family gathering on the occasion of King Christian's 86th birthday. They were received at the railway station by all the members of the royal family.

Appointed as Military Secretary.

St. Louis, March 31.—The appointment of Col. Edmund Rice, U. S. A., retired, as military secretary of the ceremonies committee of the World's fair, was announced Wednesday. Col. Rice is a native of Massachusetts.

GLOOMY PROSPECTS.

Illinois and Iowa Operators and Miners Can't Agree.

It Is Probable That the Mine Owners in Both States Will Close Down the Mines Until the Matter Is Settled.

Springfield, Ill., March 31.—The prospect for the closing of all the coal mines in Illinois seemed grave Wednesday night. The joint state committee report Wednesday afternoon to the joint state convention that all the important differentials in the state had been adjusted with the exception of the first, or northern third vein district of Illinois, and the new mines in Saline and Franklin counties. A motion to leave the settlement to the operators and miners of the district affected was defeated.

The miners of the northern district demand that the old rate of 82 cents for straight and the third vein mines and of 87 cents for Wilmington, including the long wall mines at Cardiff and life Bloomington thin vein, be retained; while the operators insist that the three cent reduction, provided for by the Indianapolis agreement, be enforced.

The operators Wednesday night stated that if the miners would not agree to the reduction which the national organization of miners by a popular vote had voted to accept, it was very probable they would close down their mines at midnight Thursday night when the old scale ceased to be of effect.

Des Moines, Ia., March 31.—A committee of five miners and five operators, appointed by the joint state committee, reported to the joint conference Wednesday that the scale committee can not agree, also explaining the points of difference. The joint conference is deliberating on the report. Leading operators say there can be no other alternative now than to shut down the mines throughout Iowa. Until within a few days ago the only difference between the miners and operators was the question of wages in districts No. 1 and 4, the miners contending for a higher scale than the operators would agree to pay. Now the miners demand a decrease in the price of powder and this has served to further augment the difficulty.

The sub-committee appointed by the Iowa miners to consider the strike situation Wednesday night agreed to disagree and so reported Thursday morning. The present contract with the operators expires Thursday, and with no other agreement, a general shutting down is inevitable. There seems to be a chance in a hundred that the conference will again take up the question and come to an agreement. There are about a million tons of coal in storage, while the railroads have a considerable supply. The miners have from \$70,000 to \$80,000 in their strike fund and enough to last about six weeks. Thirteen thousand five hundred miners will go out.

UNITED STATES WARSHIPS.

The Largest Fleet Ever Assembled in Times of Peace.

Pensacola, Fla., March 31.—With the arrival here Wednesday of the gunboats Newport and Castine from Colon, the largest fleet of United States warships ever assembled in times of peace is gathered here. The combined fleet engaged in target practice includes seven battleships, five cruisers, seven gunboats, three monitors, two torpedo boat destroyers, besides a number of tenders, colliers and supply boats. The fleet includes more than 25 vessels of various classes. The battleship Alabama has established a new world's record for rapidity and accuracy in firing all classes of her guns. She came into port Wednesday after a week spent at the target range and her officers report that her record is much better than that of the Kearsarge, made last week. The percentage is being worked out by the target inspectors.

UNION LABOR ACTS.

They Will Protest Against Presence of Troops in Mining Districts.

Cleveland, O., March 31.—At Wednesday night's meeting of the United Trades and Labor Council, representing all the union labor of this city, a movement was begun to circulate petitions throughout the United States to be sent to the president and to the congress protesting against the presence of troops in the mining districts of Colorado. It is expected that when the matter comes to the federal authorities 400,000 names will be attached to the petition.

Negro Candidate For President.

East St. Louis, Ill., March 31.—W. T. Scott, a Negro, has announced that preparations have been completed for a national convention for the nomination of a Negro candidate for president. The convention will be held in St. Louis July 6.

Appointed Adjutant of His Regiment.

Washington, March 31.—A cablegram from India brings news of the appointment as adjutant of his regiment of Capt. H. M. Durand, Ninth Lanciers, the son of Sir Henry Mortimer Durand, British ambassador at Washington.

Died While Singing a Song.

Duluth, Minn., March 31.—John Laury, a pioneer citizen of Hibbing, dropped dead Wednesday night of heart disease. While singing a song he caught a cold and fell, expiring almost instantly.

HADN'T THOUGHT OF THAT.

There Were Obstacles to the Free Movement of Doors That Opened Outward.

There was a man who had read that it was safer to make the doors of all houses open outward instead of inward, says the Chicago Tribune.

He remembered it, and when he built a bungalow he could find about 800 doors hung in accordance with that idea.

One bright morning in March he moved into his new home.

Late in the evening of the same day it began to snow, and it kept on snowing until the ground was covered a foot deep.

Then the wind blew and piled the snow in drifts.

After which it began to rain.

The rain later turned to sleet and the mercury sank 20 degrees.

And the next morning the neighbors were astonished beyond measure at the sight of a frenzied man with his head thrust out of a second story front window of that house, gesticulating wildly to a boy on the sidewalk and begging him for heaven's sake to go and call the fire department and have the ice and snow blasted away from his doors so he could open them and get out of the house!

A Wonderful Discovery.

Broadland, S. Dak., March 28.—Quite a sensation has been created here by the publication of the story of G. W. Gray, who after a special treatment for three months was prostrate and helpless and given up to die with Bright's Disease. Bright's Disease has always been considered incurable, but evidently from the story told by Mr. Gray, there is a remedy which will cure it, even in the most advanced stages. This is what he says:

"I was helpless as a little babe. My wife and I searched everything and read everything we could find about Bright's Disease, hoping that I would be able to find a remedy. After many failures my wife insisted that I should try Dodd's Kidney Pills. I praise God for the day when I decided to do so, for this remedy met every phase of my case and in a short time I was able to get out of bed, and after a few weeks' treatment I was a strong, well man. Dodd's Kidney Pills saved my life."

A remedy that will cure Bright's Disease will cure any lesser Kidney Disease. Dodd's Kidney Pills are certainly the most wonderful discovery which modern medical research has given to the world.

Willfully Misunderstood.

World's Fair March, 1904.

Mr. John C. Weber, director of Weber's Military Band of Cincinnati, known as the "Prize Band of America," has composed the St. Louis World's Fair March 1904 and dedicated it to the Louisiana Purchase Exposition. It will be distributed through the passenger department of the B. & O. S-W. R. R., World's Fair Route, at 10 cents per copy.

The music is in sheet form, arranged for the piano, being very handsomely gotten up, with highly illuminated title cover. Mr. John C. Weber is not only a great Musical Director, but he has written some very catchy and popular marches. The St. Louis World's Fair March is his latest success, and will add further to his fame.

Mr. Weber and his great organization of artists has twice defeated all comers in national contests at Elks' Reunions. The latest triumph was at Baltimore, Md., on the 21st of last July, when, in a notable contest, composed of the leading bands of America, won the first prize of \$1,000. It is confidently expected that Mr. Weber's World's Fair March will become a popular air during the next year, and every household should have a copy of this music.

Send 10 cents in silver to the undersigned and copy of the World's Fair March will be mailed to your address.

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus— Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood, Here the "good roads delegation," Swear the roads are suitably good.

But of pikes and highways finest, There's a "road" that suits my taste; The line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis— Hustle, beat them under the wire, "Get the 'Henderson Route' habit!" 'Tis a good one to acquire.

RUSSIANS DEFEATED.

Important Engagement Near the Town of Chong Ju.

In the Battle Cavalry and Infantry on Both Sides Were Used—The Combat Lasted For About Half An Hour.

St. Petersburg, March 30.—The emperor has received a dispatch from Gen. Kuropatkin giving a lengthy report from Gen. Mishchenko, dated at 10 p. m. March 28, which says that an important engagement took place near the town of Chong Ju, in which the Russians were defeated, retiring in perfect order.

The Japanese suffered heavily, but the Russian losses are not stated. Cavalry and infantry on both sides were engaged. The Russians occupied a commanding position.

The Japanese fought gallantly, but owing to their heavy losses were unable to occupy the position abandoned by the Russians.

Gen. Kuropatkin, in his first report to the emperor from the scene of war, announced that offensive land operations had taken place against the Japanese upon the sixth anniversary of the occupation of Port Arthur by the Russians. These operations took the form of a cavalry attack Monday by six companies of Cossacks, led personally by Gen. Mishchenko against four

FIELD MARSHAL OYAMA, Commanding the Japanese Forces in Korea.

squadrons of Japanese cavalry, which the general believed to be beyond Chong Ju, but which he found to be in occupation of that town.

Despite a cross fire which Gen. Mishchenko cleverly directed against the enemy, he pays a tribute to their tenacity and bravery, the Japanese only ceasing to fire after a combat which lasted for half an hour. Before the Russians could follow up their advantage three Japanese squadrons galloped toward the town which two of them succeeded in entering while the third was driven back in disorder, men and horses falling.

The fire maintained on the town was so destructive that the Japanese were unable to make an effective return.

Further Japanese reinforcements arrived an hour later and in view of the superiority of the enemy Gen. Mishchenko determined to retire, doing so without embarrassment, although he carried with him three killed and 16 wounded.

Gen. Mishchenko's Cossacks have been endeavoring for some days to come in contact with the Japanese patrols, but the latter refused the combat.

The skirmish of Monday will have the effect of encouraging the Russians to retard as much as possible the advance of the Japanese army.

Gen. Kuropatkin's dispatch reporting Gen. Mishchenko's operations as published does not give the place of its origin, but it is presumed that the commander-in-chief is either at Liaoyang or en route to New Chwang.

London, March 31.—The Daily Telegraph says the Japanese authorities have refused correspondents the use of the field telegraph lines and that all dispatches must be sent to Tokyo by mail. The paper further says that there is no sign that any foreigners will be permitted to go to the front, though the native newspaper men will be allowed to do so.

The Daily Telegraph, in an editorial on the unprecedented severity of this censorship, suggests that Japan has some new and important move to conceal, possibly the re-embarkation of a portion of her forces already in Korea for some other point in the theater of war, and is anxious to guard against the possibility of leakage through foreign correspondents who might sympathize with Russia.

A correspondent of the Daily Telegraph at Seoul reports that the Russians are evacuating the positions they occupy in Korea.

A special from Shanghai repeats the rumors that the mikado will shortly proceed to Korea with the headquarters staff.

FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, March 29.—Senate—The senate Monday for three hours discussed the recent order of the pension bureau making old age an evidence of disability, and then passed the District of Columbia appropriation bill. The discussion of the pension order was based on the resolution offered some days ago by Mr. Carmack directing the committee on the judiciary to inquire into the authority of the executive branch of the government to make such an order. Mr. Carmack contended that no such authority exists, but several republican senators argued that the order was in line with the regulation issued by Judge Lochren, commissioner of pensions under Mr. Cleveland, fixing 55 years of age as an evidence of infirmity.

House—The sundry civil bill was before the house, but debate took a wide range. Mr. Gillett (Mass.) devoted considerable time to answering some of the statements recently made on the floor by Mr. Spight (Miss.) regarding the race question. He defended the president in inviting Booker T. Washington to dine with him and said the president was a man with a big heart as well as birth, breeding and cultivation. A strong plea for the tobacco growers was made by Mr. Trimble (Ky.), who urged the removal of the tax of six cents a pound on raw tobacco, in order that the producers might sell direct to the consumer.

Washington, March 30.—Senate—The bill authorizing the erection of an additional executive department building in Washington Tuesday was given the subject of spirited debate in the senate and after several hours' debate it remains unacted upon. Senators divided largely on the question of location but there also was talk as to the necessity of better office accommodations for the senate and the supreme court. During the day there was renewed effort to pass the bill prohibiting the misbranding of salmon, but owing to the opposition of senators who hold that the bill is calculated to interfere with the rights of individual states under the guise of an effort to control interstate commerce a vote was not reached.

House—For the want of speakers general debate on the sundry civil appropriation bill in the house was closed several hours before the time agreed on and the bill was read for amendment. Seventy-five pages were disposed of, the only important amendment adopted being one providing for an initial appropriation of \$500,000 for the completion of the capital building according to the original design. Mr. Campbell (Kan.) and Mr. Williams (Ill.) were the principal speakers, the former defending the protective tariff policy of the republican party and the latter denouncing the republicans for failing to investigate the post office department.

Washington, March 31.—Senate—The senate Wednesday began consideration of the post office appropriation bill and it was the signal for a revival of the democratic demand for an investigation into the charges of corruption in the post office department. The debate was initiated by Mr. Gorman, who spoke for almost two hours in criticism of the course of the republican party in the senate in refusing an inquiry at the same time charging the post office committee with undue haste in reporting the bill, as he did the republican party with a desire to adjourn congress at an exceptionally early date in order to meet the wishes of the president. Mr. Gray contended that there should be a congressional inquiry, saying that the charges against Mr. Heath, ex-first assistant postmaster general, were such as to demand investigation. Mr. Penrose and Mr. Lodge spoke for the republican side of the chamber, defending the committee on post offices against the charge of haste and also the administration.

House—Substantial progress was made by the house in the consideration of the sundry civil bill, 51 pages being disposed of, leaving only 21 to be read. No amendments of general importance were made. Mr. Bartlett (Ga.) briefly replied to the statements of Mr. Gillett (Mass.) made last Monday on the Negro question. He said that the Massachusetts member had lectured the south for disregard of violations of the law, whereas in the city of Marion, Mass., persons who had tarred and feathered a man and woman had been acquitted and were paraded through the streets as heroes. He believed that the people of the south are entitled to work out the Negro problem "As God shall will it." Mr. Crumpacker (Ind.) declared that 3,000 persons have been mobbed and put to death in the last 25 years in the United States.

Sentenced to Pay a Fine of \$20,000.

Butte, Mont., March 31.—F. Augustus Heinz, the Montana copper magnate, was fined \$20,000 by Judge Beatty in the suit brought against Heinz et al. by the Butte and Boston Co., alleging the loot of the Michael Davitt lode.

Postmaster General's Condition.

Washington, March 29.—The condition of Postmaster General Payne continues favorable, although the progress towards recuperation in his weakened state is very slow. He sat up for some time Monday.

The South Atlantic Squadron.

Washington, March 31.—It was announced at the navy department Wednesday that the South Atlantic squadron will sail from Culebra about May 15 for South African waters, going by way of Cape Verde islands.

Pardoned By the President.

Washington, March 31.—The president has pardoned Leonard Alverson, Walter Hoffman and William Wademan, convicted in New Mexico of post office robbery and sentenced to imprisonment for ten years, of which they have served all but about nine months.

Fish Men Up in Arms.

Will Not Drink With the Peacock.

In an opinion delivered Tuesday to Commonwealth's Attorney Franklin, of this district, Attorney General Hays holds that the 50 per cent, of fines secured by a Commonwealth's Attorney in any year can only be used to pay the salary of the attorney, up to the \$4,000 limit fixed by the statutes, for that year, and if the attorney is paid his salary the surplus can not be devoted to paying his salary for the succeeding year.

The question was raised by attorney Franklin in the collection of a \$1,500 judgment which he secured in the Bourbon Circuit Court against the Peacock Distilling Company. The judgment was secured in 1903, but was not paid until this year. For 1903 the Commonwealth's Attorney was paid his salary of \$4,000. He then asked the auditor to pay him 50 per cent, of the \$1,500 fine collected on this year's salary, on the ground that the money was not collected until this year. The matter was referred to the Attorney General, with the result detailed above. The decision will be of interest to such attorneys all over the State.

DINKY CARS.—Our neighboring city of Winchester has a street railway, but it is not the best in the country. They rarely run on schedule time and are anything but accommodating. CLARKE & CO.'S CONFIDENCE IN HYOMEI.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," say Clarke & Co. When a responsible business house like this comes out, and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat pocket inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but \$1. The inhaler lasts a lifetime and when extra bottles of Hyomei are needed they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, Clarke & Co. will cheerfully return the money and it will not cost a penny.

Paris Gets Republican Convention. The Republican District Committee, of the Seventh Congressional District, met at the Phoenix Hotel, Lexington, on Wednesday, and called a district convention to be held at Paris, Ky., on April 26, to select delegates to attend the Chicago Convention.

Bourbon County was represented by Judge H. C. Howard, W. L. Yerkes and Stamps Moore.

This convention will bring from 200 to 250 visitors to our city, and much credit is due these Paris gentlemen in attendance for securing the Convention for Paris.

The Republican nominee for Congress in this district will not be named at this convention, but will be named at a convention to be held after the National Convention.

An Ordinance That Should Be Enforced.

If there is a city ordinance that should be enforced to the letter by the city officers it is the following one:

"The framework of all awnings at the cave shall be seven feet above the curbstone, and no sign board projecting over a sidewalk shall be nearer than seven feet, at its lowest point, to the curbstone. Any person violating the provisions of this section shall be fined \$2.00 for each day the same remains."

What we wish to call the attention of is to the low awnings on Main street. A number of them are barely over five feet, and then do not reach but to the middle of the pavement, consequently, when it is raining you are compelled to get out in the street to pass. Why wait until some one gets an eye punched out from those nuisances and a suit is filed against the city before you enforce this ordinance?

HATS.—Our hats cannot be matched in quality, style and prices. HARRY SIMON.

THE WALK-OVER SHOE.—A world beater for the money. FREEMAN & FREEMAN.

Rare Feat of Surgery.

"Dr. Louis Frank, professor of obstetrics at the medical department of the Kentucky University, successfully performed a Caesarian operation yesterday afternoon at the City Hospital in the presence of a class of students of the University."

"It is announced on good authority that not more than ten operations of this nature have been performed in the history of medicine in Louisville. Dr. Frank reports that the operation in no way differed from others of the same nature."

"This morning it was given out at the hospital that both the mother and the child were doing well. The child which was a boy, weighed eight pounds."

"The danger from the operation is largely from hemorrhage, and is rendered necessary by an abdominal pelvic formation."

A Fat Price For Bourbon Land.

On Wednesday, Mr. N. Ford Brent, of this city, purchased of Mrs. Sidney G. Clay 120 acres of land, lying on the Jacks-town pike opposite the Hibler place, now owned by P. J. Millet, for \$18,300 cash, or \$152.50 per acre. This is part of the 500 acre tract the late Col. R. G. Stoner paid Mr. Wm. Tarr \$90 per acre for. There is no improvement on the land except a tobacco barn. While it is the highest price paid for Bourbon land for some time, still it is considered to be a great bargain, as it is virgin soil and considered by old farmers to be one of the best tracts in the county. Mr. Brent conveyed one half of the tract to Mr. Ed. L. Burke, at same figures.

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I never knew what it was to have good health. Every physician consulted said I had liver trouble but their medicines did me no good. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular and I was tormented with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed one hundred pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

THE FLOOD IN INDIANA.

Property Loss Estimated at From Eight to Ten Million Dollars.

Eight Lives Have Been Lost—Bridges and Trestles Were Swept Away by the Dozens and Others Badly Damaged.

Indianapolis, Ind., March 29.—Northern and Central Indiana, including the capital city, have seen the worst of the flood and are now repairing the heavy damages. Cities and towns at the headwaters of the Wabash and White rivers have only slime and mud left by the receding flood to contend with, but Southwestern Indiana has yet to see the worst. The crest of the flood will reach the Ohio river in two days.

White river at Indianapolis reached 17.75 above low water mark, a record height. It is estimated the damage in this county will reach \$2,255,000 and north of this county an additional \$1,000,000. In this city 1,200 families were driven from their homes. The city authorities resolved upon issuing \$100,000 flood bonds to repair the damage to the public utilities, but it is expected the loss in this one feature will be more than double that figure. Monday the city was almost entirely without traction service and water. It is expected the water works will partially resume Tuesday.

Eight lives have been lost in the Indiana flood in two days and the total property loss in the state has been estimated at from \$8,000,000 to \$10,000,000. Bridges and trestles have been swept away by the dozens. Others that have not gone out are dangerous. At Vincennes the river is rising two inches an hour. It is 22 feet deep. The Oaktown levee broke Monday night flooding 10,000 acres. The first train out of Vincennes over the Evansville & Terre Haute road since Friday was run Monday.

Petersburg, Ind., March 29.—The flood situation in this county is appalling. White river above here is 13 miles wide in places and 20 feet deep in the channel. Patoka river, which flows through the center of the county, is three miles wide for nearly 40 miles. Farms are under water, bridges and fences are gone, the soil washed away and much stock drowned. The loss is already \$250,000. The wheat is ruined. It is feared there will be two more feet of water, which will quadruple the loss.

Sullivan, Ind., March 29.—Gill township levee broke Monday afternoon and 20,000 bushels of cribbed corn will be washed away. Of the 18,000 acres which is flooded, 1,000 is in wheat. Evansville, Ind., March 29.—The Wabash river is rising rapidly at New Harmony. White river is sweeping everything before it and much stock has been lost. Hazelton is under water and the 40-foot stack will be reached. Capt. John Cornick, well-known steamboatman, fell from a towboat in Green river Monday and was drowned.

Terre Haute, Ind., March 29.—Taylorsville, with 1,000 inhabitants, is deserted, the houses standing in eight feet of water. Charitable organizations are caring for the people. Indianapolis, Ind., March 30.—All rivers tributary to the Wabash and Ohio are overflowing and great damage has been done to farms and buildings throughout Southern Indiana. At Vincennes the danger seems greatest. Every precaution is being taken to prevent the possible breaking of levees. All sanitary sewers have been stopped with sand bags. Nearly all of the large manufacturing plants have been forced to close and it is thought that the city gas plant would be closed Tuesday night.

Tuesday the east span of the big steel bridge at Bloomington, the only remaining bridge across the White river for a distance of 50 miles, was swept away. No trains are running through Greene county.

Mt. Carmel, Ind., March 30.—The Wabash and White rivers are still rising. The government gauge registers 24.7 feet above the low water mark. There is a strip of land through this county varying from two to six miles in width, which is covered with water. Many houses, barns and grain sheds have been carried away and a great deal of live stock has been lost. All of lower Mt. Carmel is inundated and 100 people are homeless. Steamboats and rafts are being used to rescue people and live stock. Many factories have been forced to close. The wheat crop in this county is ruined.

Evansville, Ind., March 30.—A special from Carmi, Ill., says the Little Wabash river is rising at the rate of an inch an hour and the gauge shows a foot less than the highest water ever known. The entire east side is under water. Hundreds of families are homeless and the loss will reach hundreds of thousands of dollars. The flood is expected to be the greatest ever experienced by Carmi people.

Sullivan, Ind., March 30.—The break in the Gill township levee is now 125 feet wide and the water is flowing through the gap at the rate of 1,000,000 gallons a minute.

Conflict Expected Soon.
St. Petersburg, March 30.—A correspondent of the Novosti at Liao Yang, under Tuesday's date, reports that the Japanese have moved on the Yalu river and that a conflict between them and the Russians is expected about April 2.

A Missionary's Views.
La Crosse, Wis., March 30.—Rev. Mr. Bunker, a former Methodist missionary to Korea, declared here Tuesday that if the Russians were victorious in their fight with the Japanese all missionaries will be driven out of Korea.

SUBSTITUTE FOR X-RAY.

Fluorescin May Do Away with Present Mode of Treatment of Internal Diseases.

In a recent number of the Medical Journal Dr. Robert Coleman Kemp, consulting physician of the Manhattan state hospital, of New York city, tells for the first time the result of a series of experiments with fluorescin which may forever do away with X-ray treatment of internal diseases. By the use of the fluid fluorescent internal organs of the body become at once exposed to the naked eye clearly, as if through a transparent film or glass.

The membranes of the stomach are so distinct in their outlines that they can be traced on the outside of the body in a dark or light room. The new use of the fluid is of incalculable value in the treatment of abdominal diseases, and its efficacy was demonstrated before a body of students at a clinic in the College of Physicians and Surgeons.

Fluorescin is a nontoxic, absolutely harmless and is taken by the patient on an empty stomach in a glass of water, in which sodium bicarbonate, glycerin and fluorescin are dissolved. According to Dr. Kemp, the fluorescent medium increases its activity on exposure to light and can be prepared a long time ahead. It can be drunk in large quantities with impunity.

MAKES AMUSING MISTAKE.

Madrid Newspaper Describes a Great Wrestling Match at Olympia as a Boxing Event.

An unconscious but amusing "howler" is perpetrated by El Heraldo, one of the chief Madrid newspapers. In the news columns of a recent issue it prints what purports to be an account of the great wrestling match at Olympia, Hackenschmidt and Madrali being described as "champion boxers."

"It was," says the Spanish paper, "a strenuous and thrilling contest. Some terrible blows were exchanged. In the last round, however, Hackenschmidt (sic) landed his opponent a terrific blow, stretching him on the floor and breaking his elbow, whereupon the prize was awarded him."

The same paper also recently informed its readers of the suicide of Whitaker Wright in the following manner:

"News has been received in Paris that Mr. Whitaker Wright, a prominent Transvaal banker, has committed suicide."

After referring vaguely to some legal prosecution in which Wright was involved, the journal states that "Mr. Whitaker Wright confided to a friend that, should he be convicted, he would never leave Pretoria (1) alive."

45 YEARS ON THE BOX.

London Omnibus Driver Renews His License at the Age of Seventy-Five.

Mr. James Sleep has been an omnibus driver in London for 45 years, and is nearly 75 years of age. When the former proprietor of the omnibuses on the Barnsbury and Brixton route turned his business into a company, a clause was inserted in the agreement that James Sleep was to be allowed to drive an omnibus as long as he was capable of doing so.

Sleep has just renewed his driver's license. In spite of his age he is a first class coachman, and most of the young horses are given to him to break in.

The white-haired, ruddy-faced old man is a familiar figure on the Barnsbury road, and works six days a week in all weathers.

NO APPETITE-EMACIATED-NERVOUS.

Many Women During the Spring Months Suffer From
Extreme Lassitude, Loss of Appetite and
Nervousness—What They Need Is
Pe-ru-na, the Great Tonic.

Miss Bertha M. Rush, 5435 Kincaid street, Pittsburg, Pa., Superintendent Junior Society of Methodist Protestant Church and leading Soprano of the choir, writes: "Words cannot describe my thankfulness to you for Peruna. I was a sufferer from systemic catarrh for years and was in a very much run-down condition. I was extremely nervous and had the most foolish fears over nothing. I was thin and emaciated. My physician advised me to leave this climate but as it was not convenient to do so at this time, I took the advice of a friend to use a bottle of Peruna. I took it faithfully and when the first bottle was gone I felt so much better that I bought six more and took them faithfully, after which I looked like a new woman."

"I gained in flesh, my appetite returned and all my old symptoms had disappeared. I am more than thankful to Peruna."—Miss Bertha M. Rush.

I AM TIRED.

Everybody is Tired—Spring Weather Does It—Every One Should Be Cautious.

Depression of the nervous system at the approach of spring is the cause.

General lassitude, dull, heavy sensations, continual tired feeling, with irregular appetite, and sometimes loss of sleep. Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and produces regular sleep.

That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quietly disappears when Peruna is taken. Thousands are daily testifying to its priceless benefit.

Mrs. H. Kassatt, 1309 W. 13th street, Des Moines, Ia., writes: "I am happy to give my endorsement for your valuable medicine, Peruna, as I consider it a valuable medicine to take when the system is run down from overwork. About two years ago I felt that I must take a long rest as I had been unable to work for over a month and could not regain my strength. I could not sleep at night and was in a very nervous, high strung condition. I decided to try what Peruna would do to build up my strength, and am pleased to say that I began to improve very shortly, and in less than two months I was able to take up my work, and felt better than I have for years. I take it now twice a year and find that it keeps me in perfect health." Mrs. Kassatt was for over ten years the manager of a plant furnishing ladies' wear and employing hundreds of women.

One Girl's Wisdom.

Fond Mother—But, my dear, you should not have accepted such an expensive present from Mr. H. H. H.

Pretty Daughter—Why not, mamma? "Well, one can never tell what the future may bring forth."

"Oh, don't let that worry you, mamma, dear! I'll take care of all the presents in sight and the future can take care of itself."—Chicago Daily News.

ITCHING ECZEMA

And All Other Itching and Scaly Eruptions Cured by Cuticura—Complete Treatment \$1.00.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence.

Holding It.

"Excuse me," he said, returning; "but you are sitting on my hat."

"I know it," replied the other, rising; "I was afraid some one would take it while you were gone."—Yonkers Statesman.

The Oat Wonder.

The Editor must tell its readers of this marvel. It originated with the largest farm seed growers in the world, the John A. Salzer Seed Co., La Crosse, Wis. It has stiff straw, stands up like a stone wall, is white, heavy, and has long ears, filled to the tip with fat, plump kernels. It is a great stouter, 80 stocks from one kernel. IF YOU WILL SEND THIS NOTICE AND 10c IN STAMPS

to above address, you will get a sample of this Oat Wonder, which yielded in 1903, in 40 States from 250 to 310 bu. per acre, together with other farm seed samples and their big catalog. [K. L.]

Miss Rush Suffered With Systemic Catarrh—Was Nervous, Had No Appetite, Grew Thin and Emaciated. She Now Looks Like a New Woman After a Course of Pe-ru-na.

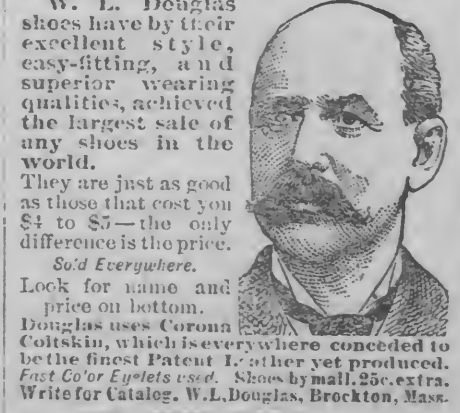

Tired, Nervous Women.

There are thousands of them everywhere. A few bottles of Peruna would do them untold benefit. As a tonic and nerve invigorator it has no equal. It builds up the nerves, it gives strength to the circulation and at once restores the appetite and digestion. No feeble woman should be without Peruna.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.
